American Business Networks

Would you like to convene a Board of Directors for your growing business but cannot justify the expense of a traditional board? American Business Networks has assembled a group of business leaders who are willing to serve as your “Virtual Board of Directors” board at a fraction of the cost of a typical Board.

You are cordially invited to attend a “Virtual Board Meeting” with other business leaders who are interested in your success. The group meets by invitation only so please contact chair Bruce Lande at 336.918.8764 or bruce@americanbusinessnetworks.com for additional information.

The group works to help you identify Specific Business Challenges and then Develop Actions Plans to address them. Everyone involved is Passionate, Shares Commons Values and is Committed to Helping Others Achieve Success.

Want to serve as a Virtual Board Member for other growing businesses? Our group consists of seasoned business leaders who are willing to invest their time in helping others succeed. Contact Bruce using the above information to learn more about serving on the Virtual Board.
